Beloved Morya is resplendent tonight in the dress of an Indian Prince - blue turban high with the tall feather and great diamond in front. He is all smiles - so happy and grateful at the accomplishment and showing of the beloved students. Saint Germain, in gorgeous purple attire, has been invited by Sanat Kumara to sit beside Him on the Throne of State; the Beloved Venus having stepped down and is sitting with Portia immediately below Them. The Beloved Lord Maitreya, His beautiful Violet eyes shining with love and happiness, occupies a chair of state to the left of the Flame. The Lord Buddha is seated facing the altar, seemingly oblivious to the entire activity. The radiation passing out from His body is a tremendous magnetization which He has drawn from the Sun.

The Mighty Archangels, Who have Their harvest in September, are magnificent as They enter with Their beautiful Archaii, led by Lord Michael. The seven great Elohim are present tonight in all Their splendor. Serapis is wearing the elaborate dress of the High Priest of Luxor. Paul, the Venetian, is wearing emerald green, and Hilarion, white. Jesus and Mary enter together, both in powder blue. The Maha Chohan and Pallas Athene have just taken Their seats - the Maha Chohan with Lord Maitreya, and Pallas Athene with Venus and Portia.

We have with Us tonight Alpha and Omega, God and Goddess from the Central Sun in blazing Light, accompanied by the Sun Gods and Goddesses from the lesser Suns. I must now take My own place. God bless you.

Beloved Children:

That which people call 'the Day of Judgment' is an individual affair as I shall try to explain to you.

When the lifestream chooses to finish with the human will and return the outer vehicles and outer man to the use of the God-Identity, he, by that act, signifies that he has found himself unhappy in his self-chosen path of separateness and wishes to identify himself with the God Principle that governs the universe and which lives by the Law of Harmony.

Students of the Law of Life are people who have signified their willingness to relinquish these stolen vehicles back to the God-Identity that has sustained them through the long centuries. This noble (?) gesture immediately brings the individual to the attention of the Hierarchy, and the Book of Life, or the Book of Judgment, is brought out and his account is read therein.

Every electron that the individual has taken from the unformed Light in the Heart of God and sent out into the universe stamped by the light pattern of his lifestream must be accounted for. If the electrons went forth in harmony for a constructive purpose to fulfill at least a fair proportion of that person's reason for being those electrons are released from the debit side of his 'ledger' and become a part of the storehouse for

good in the Causal Body. But, the countless hundreds of thousands of tons of energy that the individual has so boldly drawn forth from God's Heart where it was resting in ease and peace, and sent forth discordantly qualified by the wilful and selfish thoughts and feelings of the personal self, must be returned to the individual in one form or another until that lifestream redeems that energy and sends it forth in love; for it is the Law of Life that any energy sent forth which does not comply with the Law of Harmony must be cleansed and purified by the dispenser.

Now, when I say returned in one form or another, I mean that oftimes the energy sent forth qualified inharmoniously through the individual's own free will in one lifetime, will come back to him in some particular trait or characteristic in some person around him which is particularly annoying or distressing - and that energy coming from another lifestream which 'baits' the temper must be loved into harmony or it will appear again in another lifestream some place on that individual's path. No two people are annoyed by the same traits, habits, and characteristics of people, animals or circumstances. Why? Because each one is only prodded by the energy which corresponds to his own 'failing' in some lifetime and which life, in mercy, brings back to him in order that he may redeem it and so set both himself and the other one free.

When an individual comes to the place where his ascension is in view, the return of this energy is greatly accelerated and conditions and individuals seem to pop out of the very Earth that cause every conceivable type of annoyance. If one could only realize that this 'bombardment' is but the return

of one's own energy which is 'called in' by the Cosmic Law ere one can pass through the portals of Freedom, that one would not feel so resentful and rebellious. A realization of this, beloved ones, would save you from depression and doubt and you would know that in that very pressure and stress of circumstances there was a promise that - the account being called in - the Hierarchy knew that you were ready to 'handle' the energy and have the glory of the Ascension. So every moment becomes an opportunity to 'balance your account' until the 'red ink' runs dry.

Blessings and Love,

MAHA CHOHAN
